

**IN THE SPECIFICATION**

**Page 1 before line 5 please insert the following paragraph:**

-- This application is a divisional of U.S. Patent Application S/N 09/444,255 filed 22 Nov 1999, now U.S. Patent 6,714,915, by R. F. Barnard, et al. for System and Method for Project Designing and Developing a Procurement and Accounts Payable System.--

**Please replace the paragraph beginning at page 1, line 5, with the following rewritten paragraph:**

-- U.S. patent applications Serial Numbers 09/\_\_\_\_\_ 09/444,257, entitled "System and Method for Assessing a Procurement and Accounts Payable System", 09/\_\_\_\_\_ 09/444,254, entitled "System and Method for Project Preparing a Procurement and Accounts Payable Process", 09/\_\_\_\_\_ 09/444,253, entitled "System and Method for Deploying a Procurement and Accounts Payable Process", and 09/\_\_\_\_\_ 09/444,256, entitled "System and Method for Ongoing Supporting a Procurement and Accounts Payable Process" filed concurrently herewith, ~~assignee docket~~

numbers EN999043, EN999116, EN999118, and EN999119, respectively, are assigned to the same assignee hereof and contain subject matter related, in certain respect, to the subject matter of the present application. The above-identified patent applications are incorporated herein by reference.--

**Please replace the paragraph beginning at page 8, line 14, with the following rewritten paragraph:**

-- Figures 3A through 3H and 3J through 3M, arranged as shown in Figure 3, are a flow diagram of the assessment, preparation, development, deployment and support phases of the method of a preferred embodiment of the invention.--.
